Prayer of the Month April
Act of Sorrow

Oh my God,
I thank You for loving
me, I am sorry for all
my sins; for not loving
others and not loving
You. Help me to live
like Jesus and not
sin again.

Amen

PATHS Quote of the Month April

Everyone has an invisible bucket that
can be filled up with kind words and
actions. You can be a bucket filler when
you are kind and thoughtful to others, it
also fills up your bucket, as doing good
deeds and giving compliments makes
you feel good too. Be a bucket filler
today by sharing your kindness with
others

Waste Free Lunch

Can you help us to reduce our waste by taking part in our “Waste Free Wednesdays”? Every Wednesday earn house points by bringing a Waste free lunch to school.

You could use a **lunchbox with compartments, small reusable plastic containers and reusable drinks bottles.**

The benefits to a plastic-free lunchbox is a reduction in the amount of waste sent to the landfill. Plastic takes up to 1,000 years to decompose.

Together we can make a difference to our environment.

Health and Safety Appeal

JUNIOR SCHOOL SITE: There is a raised area at the front of the Junior School Site, outside the offices. This area was previously covered in overgrown shrubs. These have been removed. It has been brought to our attention that some young children are exploring this rather steep area of land which can be a health and safety risk due to the large number of stones present and the edged stone perimeter. We try, where possible to prevent accidents. We respectfully request that all parents/ carers/ childminders **DO NOT PERMIT** children to explore this area to prevent falls and other accidents.

SENIOR SCHOOL SITE: There is a raised area with stones and a wall at the front of the site. It has also been brought to our attention that some very young Nursery children are exploring this area at home time collection. Again we request that all parents/ carers/ childminders **DO NOT PERMIT** children to explore this area to prevent falls and more serious accidents for our youngest learners!

We thank you for your support in this matter.

Encouraging School Attendance!

We are delighted that we have no further challenges to our little children attending face to face teaching and learning in school like we suffered during Covid. To this end, we ask for parents support by encouraging school attendance every day when school is open and available. We understand that from time to time a child may be ill and if this happens please email the teacher or ring the school so that the correct absence code can be recorded for your child to explain the absence. This is vitally important.

Our school policy aims for at least 90% school attendance for every child. Help us to achieve this. To this end we will be giving out termly **BREAKFAST CLUB VOUCHERS for any child who achieves 90% and more attendance. (Previously we gave for 100% but in order to support and encourage our children trying so hard we will give these vouchers now for any child who achieves between 90-100%). Thank you for your**

Please see below Dogs in School Policy Statement.

This has been agreed to relieve concerns from pupils and parents regarding dogs on our school grounds. Thank you for your understanding and support.

Guidance on bringing dogs into schools

With reference to potential risks to children involving dogs in the school grounds, the Board of Governors have taken the decision that dogs are no longer permitted on the school premises or grounds.

It is known that most dog owners are responsible and take care to control their dogs. It is also known that dogs are great family pets and many parents and children get great enjoyment having their dogs around.

However, the behaviour of dogs when in close proximity to other dogs and small children can be unpredictable. The nature of a school at busy times is such that over-excitement is much more likely to occur than generally would be the case. No one can be absolutely certain how their dog will behave in an environment as dynamic as a school playground and the presence of dogs in this environment is potentially dangerous.

Dog fouling is also an issue that presents a problem in school as it is clearly unsafe to have children playing on the grass areas where dog faeces are present.

The Education Authority Western Region have taken the advice of the local dog wardens around this issue and are confident that this is the best course of action to reduce the risks that dogs present.

We appreciate that dogs have different personalities and characteristics but we have to have a policy which is fair and consistent for everyone.

Exceptions

- The school is not anti-dogs and there may be occasions when the school wishes to bring dogs or other animals onto the premises to help with a topic the children are studying. The dogs/animals however will be from a recognised organisation that can show evidence that the dogs/animals has been tested in regard to its training and behaviour around children.
- Guide dogs, hearing dogs and therapy dogs will be permitted on the premises when an appropriate risk assessment has been carried out

This school policy will come into effect from 1 February 2024

Support for Parents : Social Media & Internet Safety for children

Dear Parents,

Every year, concerns are raised when children, who are using social media, get hurt by others online. This happens outside of school but nonetheless can effect children when they come in to school if they have been hurt by some in their class or year group or others whilst being online. We strongly discourage the use of social media for children who are underage, as children at this age are very vulnerable and any kind of hurt, unkind words, rude words, name calling etc can effect their overall mental health and well being. It should also be noted that some chat pages are sometimes set up by children are using the school's name. This has not been authorised by school and is not approved of by our school. There are school authorised social media pages on facebook, Instagram and X (Twitter) . These pages are closely monitored at all times.

Our little children can also be placed in danger online if they are unsure who they are communicating with and can be targeted.

To support parents, we have outlined below the age restrictions for the use of various social media/ online communication apps. In addition to this we have attached guidance from INTERNET MATTERS organisation to further support and guide parents of pupils age 6-10 years old which may be helpful in supporting your child to educate them in the safe use of the internet and online social media for now and in the future.

We hope that you find this guidance and support useful and we thank you for your alertness to the challenges and potential dangers that our children can face. Together we continue to work to keep them safe.

If you have any further queries/ concerns regarding this matter, please do not hesitate to contact Principal Mrs B Wilders.

AGE RESTRICTIONS:

- **13 Years Old** - Facebook, X (Twitter), Instagram, Pintrest, Google+, Reddit, Snapchat, TikTok
- **16 Years Old** – Whatsapp, Linkedln
- **18 Years Old** – Personal YouTube Account (13 with parental consent)

Checklist:

Agree on boundaries

Be clear about what your child can and can't do online – where and when they can use the internet, how much time they can spend online, the sites they can visit and the type of information they can share. Agree with your child when they can have a mobile phone or tablet.

When you do give them their first device make sure that it is set up appropriately for them with the right parental controls in place. It's a good idea to **introduce tech-free meal times** and encourage them to **keep phones out of the bedroom at night** to help them build a healthy screen time balance.

Put yourself in control

Set parental controls on your home broadband and any internet-enabled devices. Set up a user account for your child on the main device they use and make sure other accounts in the household are password-protected so that younger children can't access them by accident.

Explore together

The best way to support your child online is to **talk to them about what they do online** and what sites and apps they like to use. Be inquisitive and ask them to show you their favourites to check they're suitable.

Search safely

If you let your child search independently, **make sure safe search is activated on Google and other search engines**, as well as restricted mode on YouTube. You can set your default search to one designed specifically for children, such as Swiggle, and can save time by adding these to your Favourites.

Check if it's suitable

The age ratings that come with games, apps, films and social networks are a good guide to whether they're suitable for your child. **For example, the minimum age limit is 13 for several social networking sites**, including Facebook, Instagram, Snapchat and TikTok.

Make use of platforms and services designed with children in mind like CBBC, YouTube Kids, Sky Kids, BBC iPlayerKids. Although sites aimed at under-10s like Spotlite (Formerly Kudos) also have social networking elements. See other similar social networking sites built for kids in our ['Social networks made for kids' guide](#).

Stay involved

Encourage them to use their tech devices in a shared space like the lounge or kitchen so you can keep an eye on how they're using the internet and also share in their enjoyment.

Talk to siblings

It's a good idea to talk to any older children about what they're doing online and what they show to younger children. **Encourage them to be responsible and help keep their younger siblings safe.**

Know this stuff matters, but don't know where to turn?

Internet Matters is a free online resource for every parent in the UK. We'll show you the best ways to protect your children online – with information, advice and support on all the big online safety issues.

Learn about it:

Teach your child some simple rules

- Make sure your child knows **not to share personal information** like their phone number or email address online.
- Encourage them to **only talk to real-life friends or family** if they are on sites with a social media or chat element like Roblox.
- **Use privacy settings** wherever they exist to keep their information private - help your child to set these up. Remember that the default on many sites is public.
- **Be a good online friend** and don't say nasty things even if it's just a joke.
- Direct them to use **secure and legal sites to download** music and games to avoid experiencing the risks associated with streaming content from unauthorised sites. Visit our ['Dangers of digital piracy' advice hub](#) for more advice.
- Advise them to **Check attachments and pop-ups for viruses** before they click or download anything and ask if they aren't sure. You can set up their phone/tablet so you need to grant permission before they are able to download an app or game.
- **Encourage them to use Public Friendly WiFi** when they're out and about to filter inappropriate content but also use the parental control tools on the device just in case they do connect to an unfiltered WiFi - the most likely place for this to happen could be at a friend's house.
- **Help them to better understand the different online platforms they use** and judge the quality and reliability of online resources. Take a look at our [fake news and misinformation advice hub](#) to help children spot, and stop the spread of fake news online.

Talk about it:

Tips for a meaningful conversation

- Start conversations when your children won't be embarrassed, for example in the car going home from school. **Try to de-personalise it by asking their opinion on a current news story** that relates to an online issue.
- **Be proactive - don't wait until something has already gone wrong** - discuss issues ahead of time - knowing what children of a similar age are doing will help you know more about the environment that your child is living in.
- **Ask them for advice on how to do something online** and use this as a conversation starter.
- Make sure they know they can come to you if they're upset by something they've seen online - **listen to them when they do and try not to overreact** - the important thing is that they have come and told you!
- **Be sensitive and praise them** when they share their online experiences with you.
- If your child comes to you with an issue, **stay calm and listen without judging them.**
- **Talk about online grooming as you would stranger danger** and explain that people they meet online might not be who they say they are.
- Ask them about things online which **might make them (or others) uncomfortable.**

Deal with it

You can find out where to get help and advice on the [Report Issue](#) resource page of [internetmatters.org](#), where we include information on how to report problems – and which relevant organisations and agencies to turn to.

On this page, we also provide information on how to deal with any specific issues you may encounter with your child; such as finding inappropriate content and cyberbullying.

Stay safe at secondary school

Exposure to some of these issues increases when children move up to secondary school so make sure your child is prepared – find out more with our pre-teens age guide at [internetmatters.org/advice/11-13](#)
